Customer Notification

B-CN-098-EN REV A

12/8/2017

SUBJECT: TT & TG Series – Manual Updates

Purpose

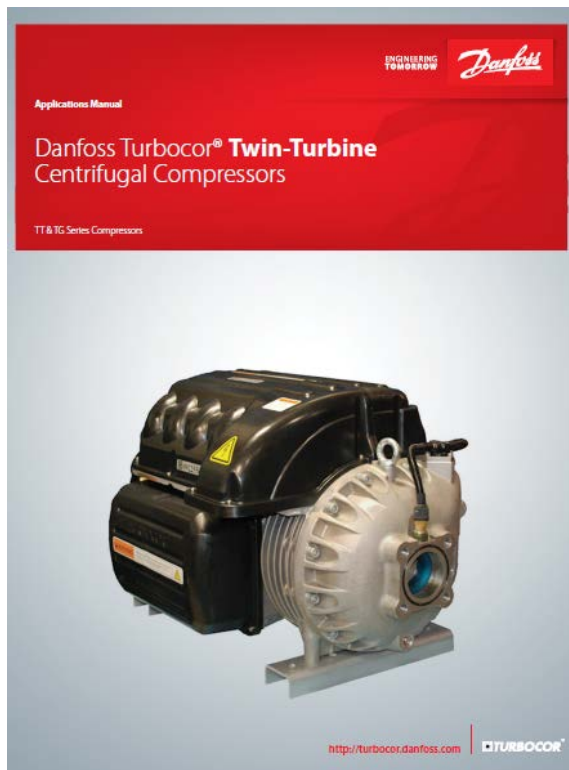

This is to inform our customers that several TT/TG Compressor manuals have been revised.

The following manuals have been revised and are now available on the DTC OEM website:

- TT/TG Series Applications Manual (Revision M.1)
- TT/TG Series Service Manual (Revision E)
- TT/TG Spare Parts Selection Guide (Revision C)

These manuals were updated due to various product-related updates including the release of new firmware version 4.1 which enables Low Lift operation, as well as the use of TT series compressors with refrigerant R-513A.

The updated manuals described above have been released and are ready for download by our customers.
