

Customer Notification

B-CN-303-EN REV A

December 16, 2022

SUBJECT: VT Series Compressor Nameplates

Purpose

The purpose of this bulletin is to inform our customers that we have updated the design of our VT Series Compressor nameplates. Additionally, we will be adding new certification marks (UKCA) to certain applicable nameplates. Figure 1 below shows the comparison between the old and new nameplate.

The UKCA (UK Conformity Assessed) marking is a new UK product marking to be used for goods placed on the market in Great Britain (England, Wales, and Scotland). It covers most goods which previously required the CE marking.

You can expect to see them on applicable compressors as soon as January 2023.

Compressor Series	Old Nameplate	New Nameplate

Summary

Our nameplates for our VT Series Compressors have been updated and contain new certification marks where applicable.

Applicable compressors will contain these updated nameplates as soon as January 2023.

Action Required

No action required.
