

Customer Notification

B-CN-343-EN REV A

January 24, 2024

SUBJECT: TT Series End Cap Insulation

Purpose

This is to inform Danfoss customers of changes to the TT Series End Cap Insulation. Due to supplier constraints, we are temporarily not able to offer end caps in gray color.

We are offering end caps in white color on an interim basis. There is no change to the fit or function of the insulation, only the color has changed.

We are working with a new supplier to offer the same gray color and expect to have it available for order by July 2024.

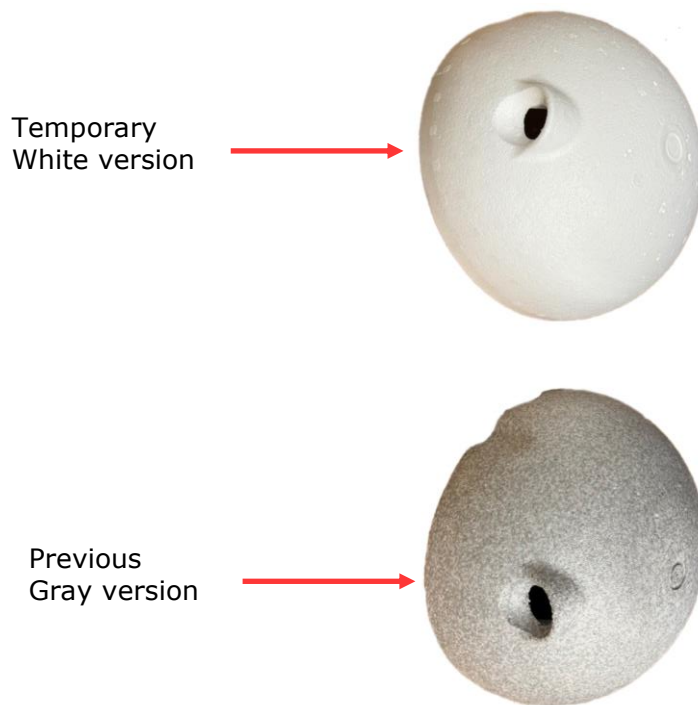

Figure 1 – End Cap Insulation Comparison

Summary

We will be temporarily changing to white colored End Cap Insulation. The insulation properties have not changed, just the color. We anticipate a gray version will be available by July 2024.
