

Bulletin | Danfoss Turbocor Compressors

Customer Notification

B-CN-354-EN REV A

March 18, 2024

SUBJECT: TT Series Serial Driver

Purpose

The purpose of this bulletin is to notify customers that we have introduced a revised Serial Driver. This has been updated as part of our continuous improvement process.

As of **February 1, 2024**, all new compressors (**serial number 24032xxxxx and later**) shipped from Tallahassee and Haiyan contain the new revision K Serial Driver. Additionally, the Serial Drivers in our spare part kits began shipping with revision K beginning February 1, 2024.

Summary

We have released a new revision of the TT Series Serial Driver, it is now revision K. This new revision has been installed on production compressors as of February 1, 2024. The Serial Drivers in our spare part kits also contain the new revision of Serial Drivers.

Action Required

For spare part kits, continue to order **part number 100292** for replacement Serial Drivers.

Need Assistance
