

Customer Notification

B-CN-364-EN REV A

May 17, 2024

SUBJECT: TT/TG Series Compressor Backplane Obsolescence

Purpose

The purpose of this bulletin is to advise our customers that Backplane spare part kit **100021-1** has been obsoleted.

The replacement Backplane was introduced back in November 2022 and was supplied when the 100021-1 Backplane kit was not available. The new Backplane, part number **100021-2**, will now be used on all TT/TG Series Compressors.

This new Backplane is fully backwards compatible and contains additional design features for future compressor enhancements. For further details, you can reference Bulletin **B-CN-291-EN Rev B**.

Action Required

When a replacement Backplane is required, please order kit **100021-2**. Please continue to use kit 100021-1 if you still have them in stock.

ENGINEERING
TOMORROW

For more information about the differences between the previous and new Backplane, please go to our website and download the previous bulletin. Navigate to www.turbocoroem.com and select "Bulletins." Then type "291" in the search bar and Bulletin B-CN-291 will appear. Click on the desired language version to open the bulletin.

Need Assistance

For further questions, please contact your Key Account Manager or our Product Support group at turbocor.ps.na@danfoss.com or turbocor.ps.eu@danfoss.com for inquiries within Europe.
